

Vertical Coffee Storage Fit Check

Measure your own space. Use inches or centimeters consistently.

My main storage problem:

Cabinet usable width / depth / height:

Door opening, hinge and shelf-support obstructions:

Tallest everyday mug or container, including handle:

Daily items to keep within comfortable reach:

Heavy items that need a lower, suitable home:

Appliance manual: clearance, lid and refill access to preserve:

Compare Two Storage Options

Check product instructions and ratings; pictures do not prove fit or safe installation.

OPTION A

Organizer / model:

Outside width, depth, height:

Usable space / door clearance:

Load rating and source:

Wall / fixing requirements:

Cost and what I can reuse:

OPTION B

Organizer / model:

Outside width, depth, height:

Usable space / door clearance:

Load rating and source:

Wall / fixing requirements:

Cost and what I can reuse:

Trial before filling

- ☐ Feet and supports sit securely; instructions followed.
- ☐ Door closes and each everyday item is easy to remove.
- ☐ No blocked appliance access, damp supplies or crowded work area.
- ☐ Heavy items low; required anchoring or fixings verified.

My choice / questions to resolve before use:
